

MUST ACCEPT TERMS ALREADY OFFERED

SPAIN WILL GAIN NOTHING BY
A HAGGLING POLICY.

No Better Terms Will Be Offered Than Those Already Submitted—If the Twenty Million Proposition Is Rejected the United States Will Take the Philippines For Nothing.

Washington, Nov. 26.—[Special]—The known policy of the administration as to the settlement of the dispute with Spain took definite shape at a special cabinet meeting held last night, when it was decided to give that government formal notice that there would be no deviation from the announced policy relative to the future of the Philippines. Spain will not be permitted to exercise sovereignty over any part of the islands, but the authority of the United States will be supreme. The United States, however, will pay a nominal indemnity, not to exceed twenty million dollars. If Spain refuses these terms the United States will proceed to take possession of the islands and pay nothing for them. This is the original plan somewhat emphasized, and it is believed will be sustained by public sentiment.

DESTINY DECREES IT.

Expansion of Territory Has Been Forced Upon the United States

Washington, Nov. 26.—[Special]—“Destiny seems to be shaping the course of the government this morning.” “When the war with Spain broke out comparatively few people had any idea that it would result in a large addition to the area and dominion of the nation. The independence of Cuba was the one consideration sought. But events have so shaped themselves that it has become necessary to extend the sovereignty of this government to the uttermost parts of the earth. The original purpose of the war will be served. Cuba will be independent for a time, but there is no doubt that ultimately she will become an integral part of the United States. Porto Rico has already been added to our domain, and the Philippines and Carolines will also recognize the authority of the Washington government. It was the same way in 1846. The war with Mexico was waged to secure the independence of Texas. It resulted, however, in the addition to the United States of that great commonwealth, the empire of gold comprised in the southwest territories and the state of California, and other possessions of incalculable value. History is repeating itself. It is the destiny of the United States not only to extend her influence but to expand her territory. It is useless to contend against it. The United States will be compelled to grow despite the reluctance of some of our people to enter upon a career of conquest.”

TALK to Lowell.

BYERS GIVEN ONE YEAR IN PRISON

HE PLEADS GUILTY IN COURT
THIS MORNING.

The Fact That He Had Been There Before Had Much to Do With the Case—His Term Will Consist of Hard Labor—His Sentence Was Light.

With tears in his eyes Ernest Byers, of this city, stood before the bar of justice in the municipal court this morning at 10:15 o'clock and pleaded guilty to larceny and burglary. He was then sentenced to one year in the state's prison at Waupun at hard labor, such sentence to commence at 12 o'clock noon today.

The crime for which he will receive punishment was committed on the night of October 28 in the city of Beloit, and consisted of the stealing of an overcoat and frock coat from the vestry of St. Paul's Episcopal church the same being

the property of the Rev. Frank A. Millet. When arraigned in court this morning Byers had a lengthy talk with his attorney, John Cunningham, who advised him to plead guilty and make the best of it.

Judge Fifield then administered a kindly talk to the prisoner, which he is not likely to soon forget.

Byers has been in the state prison before, having served a year for stealing a pair of shoes from the shoe store of the late L. H. Becker. This fact was sufficient reason for the court to have given the prisoner a more severe sentence.

Mrs. Byers, the aged mother of the boy, is a hard working woman, and for several years past has striven to bring her family up as they should be, and then to have her son Ernest lead the life of a criminal was one of the reasons why the court this morning spent some time in giving him the lecture that he deserved.

Byers was informed that it was mainly for his mother's sake that he was not given a more severe sentence, and that if he had one spark of manhood in him he would try and be a bet-

ter man on his release. Byers merely stated that he had been ill for the past ten years, and that he was unable to work.

The court then informed him that that was no reason why he should steal and lead the life of a degraded man. The prisoner was then taken to jail, and will soon be behind prison doors.

COLD RECEPTION GIVEN COMMITTEE

THAT TWENTY THOUSAND IS
FAR AWAY.

Those Who Canvassed For Stock For Furniture Company Not Received With Open Arms. Now Looks As Though the Plan Was a Failure—The City the Loser.

The canvassing committee consisting of Mayor John Thorngood, James Fifield, M. G. Jeffris and Archie Reid, who were appointed to seek \$20,000 in stock for the Janesville Furniture Company, have a report to make that is not of an encouraging nature. Hard work on the part of Messrs. Reid & Fifield today resulted in their getting a beggarly sum, too small to mention. Mayor Thorngood and Mr. Jeffris were detained by other business, and were thus prevented from taking active part in the canvass.

The leading moneyed men of the city were called on today, and they not only refused flatly to take stock, but many of them treated the committee in a way that proved anything but cordial. Of the \$20,000 wanted between \$4,000 and \$5,000 has been raised, and the greater portion of this was promised at the meeting held Thanksgiving day.

The following are among those who have taken stock:

Orin Bemis	\$700
John Thorngood	500
J. M. Westwick	200
M. G. Jeffris	500
Fifield Bros.	500
W. T. Vankirk	400
Archie Reid	250
N. B. Robinson	250
Stanley B. Smith	200
George G. Sutherland	200

“As far as I am concerned you may state in The Gazette this evening that it now looks as though the citizens of Janesville were going to let a good thing go by,” said one of the committee this afternoon, “and the way it now looks we will not secure the necessary \$20,000. We started out this morning and called on what you would call the leading moneyed men of the Bower City, each and every one of whom pretend to take an interest in public affairs. Well, they not only refused to subscribe stock, but many of them refused to listen to what we had to say. That is the reason why I believe the sum will never be raised here in Janesville.”

CHURCHES OFFER MANY ATTRACTIONS

NO PLEASURE DERIVED FROM OUTDOOR RECREATIONS

There Will Be Comfort For Those Who Go to the Sanctuary Tomorrow—Lasting Benefit May Be Had From the Lessons Of the Pulpit.

There is nothing in climatic conditions that should keep people from attendance upon religious worship these days. The weather is too cold for outdoor pleasure save, perhaps, skating, but the ice is yet too fragile for safety and those who venture upon it are liable to get a cold bath they will not relish. The roads are too rough for riding or pedestrianism, and little enjoyment can be had from a promenade through the streets. The churches are well heated and comfortably appointed, and all may enjoy an hour in a nicely cushioned pew regardless of the benefit they may receive from the teachings of the pulpit. The announcements for church services tomorrow are appended:

A GREAT REMEDY.

From Sufferers from Piles.

Dr. Redmond, a specialist in the study and treatment of piles and rectal diseases, recently stated that the Pyramid Pile Cure, the new discovery for the cure of piles, was the most remarkable remedy he had ever seen or tried in one respect; and that was the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied. This was the more surprising to him because he had carefully analyzed the preparation and no trace of opium, cocaine or similar poison could be detected.

Physicians look with great favor upon the Pyramid Pile Cure, because it is rapidly taking place of surgical operations and because it is so simple, so easily applied and contains no mineral or other poisons so commonly used in cures.

Dr. Esterbrook reports that the Pyramid Pile Cure not only cures the various forms of piles, but never fails to give immediate relief on the first application, no matter how severe the pain or discomfort may be.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without defecation from business or interference with daily occupation. Sold by druggists at 50 cts

TIM MURPHY IS COMING

Will Appear in “The Carpetbagger” at the Myers Opera House.

Opie Reid, the novelist, and Frank S. Pixley, a newspaper writer, of Chicago, the authors of “The Carpetbagger,” the new political romantic comedy in which Tim Murphy will be seen at the Myers Grand on Saturday, Dec. 3, have supplied that well known comedian with a role which fits him better than any part he ever had. The carpetbagger, in real life, was the only czar of the American civilization ever produced. He was here only a short time, but while he stayed he was the liveliest, oddest, shrewdest and most autocratic fellow on earth. In the play “The Carpetbagger,” Mr. Murphy is seen as an ex-Chicago auctioneer, who is sent south in 1867 as governor of Mississippi. It is a living character, and had many a counterpart in the years that saw the “carpetbag” element dominant in the southern states. Mr. Murphy’s company has been selected with considerable care, and is said to be an unusually strong organization. Prominent in the company is Miss Dorothy Sherrod, a charming and rarely beautiful woman, who easily ranks among the foremost of America’s young actresses.

Sale of seats and boxes opens at box office Friday, Dec. 2 at 9 o’clock.

THE NEW BICYCLE ARRIVES

It Differs But Little From The Wheel of Last Season.

The new bicycle for next year has arrived in the local market. It has a twenty-two and one-half inch frame, four inch drop, thirty inch wheels, seven and one-half inch cranks and about an eighty-seven inch gear. It combines all the new features and is a typical ‘99 wheel. There will be a merry fight between the twenty-eight and thirty inch wheels, and each will probably have their champions next year, but it remains to be seen whether or not the thirty inch wheel will come into style.

Prices will range about the fifty dollar mark for the best grade of wheels.

NO MORE PASSES FOR OFFICIALS

RAILROADS WILL RESTRICT ISSUE OF TRANSPORTATION

Claims of Politicians Will Be Ignored In Future—If Legislators From Aldermen to Congressmen, Want to Travel They Must Pay Their Fare.

The railway pass system, which bore so prominent a part in the recent political campaign in this state, seems likely to become a dead issue in the future. Executive officers of western lines will meet in St. Louis next Tuesday to decide as to whom passes shall be issued during the coming year. An effort will be made to restrict the issuance of annual passes to leading officials of railways. It is safe to predict that the owners of the largest mercantile establishments, packing-houses, coal mines, and iron and steel works and others who have a great deal of freight to ship, will continue to get the little pieces of paste-board which make the average holder feel and act as if he owned the railroad and paid for it with his loose change.

Must Pay Fare

It is not so certain that the aldermen, members of the legislature, congressmen and other holders of political positions will continue to get annual passes. A vice president of one of the western railroads, discussing the subject of passes for politicians, says:

“The railroads are practically compelled to give passes to certain holders of public offices, but I think it a mistake to give them annual passes. Gratitude has been defined as ‘a lively sense of favors to come,’ and it seems to apply particularly to politicians. Give them annual passes and they feel certain of free transportation for a year; that they have obtained all they will want from the railroad, and need not give any further consideration to its interests. If they have to go to a railroad every time they want a favor their gratitude will be kept alive. Another fact is that the man who is in the habit of getting an annual pass is apt to consider it as his due, not as a favor that is extended to him.”

All Will Agree.

“The day is coming” when annual passes will be issued only to railway officials,” said one of them yesterday, “but how far off that day is no one can tell. A majority of the western roads are today in favor of so restricting passes; the change must be universal when it is made. The railroads in one section of the country cannot afford to attempt it alone. The granting of half-rates to clergymen is another mistake which will be rectified some day. There is no common-sense reason why ministers should not pay full fare as well as doctors, teachers, merchants and laboring men. If we want to be charitable or philanthropic we should give lower rates to the clergyman’s coachman than to the man who is able to hire him.”

Unless Candidates Comply With the Law Soon They Will Be Fined

Madison, Wis., Nov. 25—Assistant Secretary of State Gilbert Vandercook has issued a statement to the effect that many who were candidates at the present election, or at the conventions which preceded them, are in danger of violating the election law. The statute requires that every one who was a candidate either in the election, or a candidate for a party nomination at the conventions, must file a statement of his expenses with the secretary of state.

The law is sweeping, and covers all candidates for county offices filing their statements with their county clerks, and all candidates for the legislature, whose districts are wholly within a county, doing the same.

Statements must be filed with the secretary of state by candidates for state offices, members of congress and all candidates for the legislature whose districts cross county lines. The penalty for failure to file these statements within thirty days after election is not more than \$500, nor less than \$100.

Dreadfully Nervous.

GENTS—I was dreadfully nervous and for relief took your Karl’s Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleared my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People’s Drug Co.

THERMOMETER REACHES ZERO

This Morning Proved to Be the Coldest of the Season

At 4 o’clock this morning the thermometer reached the zero mark for the first time this season. Long after Old Sol had showed himself this morning the cold seemed to bother the traveling public, and the pedestrians who were not well clothed suffered.

With the coming of the light snow last evening the street car company encountered the first trouble. The covering of the tracks put a stop to the cars at 6 o’clock, and they had a hard time in making any headway. This morning they doubled up, and with two cars hitched together they managed to make the circuit, thus clearing the way. The first heavy snow storm will put an end to local street car service.

The present sale of the light harness horse in New York, where Star Pointer, 1:59 1/4, was the chief attraction, has aroused horsemen to the fact that the scarcity of good well bred young horses is wholly due to the cessation of breeding in the past five years. The demand far exceeds the supply, which has resulted in a natural soaring in price for horses shown at public sale.

HE KILLED THE DEER WITH GUN FOR CLUB

ALDERMAN GILKEY BREAKS
ALL RECORDS.

Also the Skull of a Monarch of the Forest, and an Expensive Shot Gun That He Had Borrowed From An Unsuspecting Friend—Facts Are Vouched For.

H. S. Gilkey, alderman, lumberman, and mighty hunter!

The only man on earth who ever killed a deer by fracturing its skull with the butt of a shotgun—which gun also emerged from the fracas with a compound fracture of fatal proportions!

To start with, it may be stated that this is a true story—backed by the affidavit of W. H. Appleby, an eye witness.

The day the deed was done, the Janesville hunters were stationed on a "runway," waiting for the "lords of the forest" to show up. Alderman Gilkey's station was some distance from Mr. Appleby's stand, but Appleby could see Gilkey—although Gilkey didn't know it. Pretty soon a deer came down the runway, toward Gilkey. The alderman gripped the high-priced shotgun that he had borrowed of a friend at Iron Mountain, and waited with bated breath—even as Davy Crockett had waited, many, many times in the good old flintlock days. The deer came on, apace. Gilkey raised the gun, and "pulled" the trigger. No report followed. Then he pulled the other trigger. No result. Both cartridges had missed fire!

"What would a man—alderman, lumberman and mighty hunter—he justified in saying and doing under these circumstances?"

Never mind.

He Slew That Deer.

Alderman Gilkey said aloud "this is a nice day," or something to that effect. Then he gripped the gun by the barrel, and swinging it at arm's length, smote the deer on the topknot with all the force that he could muster. The deer looked at the alderman with a pair of sad brown eyes, and went down. Where at Gilkey again smote him. Then the deer jumped up. So did Gilkey. The deer bolted sideways. So did Gilkey. The deer got into the woods—but so did Gilkey. The deer was dazed, and "sparing for wind." So was Gilkey. In the mixup that followed, Gilkey got the deer against the ropes, and after a little short arm jabbing, Gilkey got an opening and jammed the gun stock against the deer's jaw. The deer went down, and was counted out by Referee Appleby, who had hastened forward when time was called on the first round.

Great was the sight that greeted his eyes. The tall pines cast a shadow on the lifeless deer. The ground was carpeted with pine needles, leaves, sand, and the works of an expensive borrowed shotgun. In the foreground, still tightly gripping the barrels of the late lamented firearm, stood H. S. Gilkey, alderman, lumberman, and mighty hunter!

FINE ATTRACTION PROMISED

Y. M. C. A. Band's Annual Concert Assisted by Rockford's Contralto.

The Y. M. C. A. band will give their fourth annual concert next Friday evening at the Y. M. C. A. auditorium. The band has made rapid progress, and the concert this year promises to be better by far than any previous year. Their music this year is exceptionally pleasing.

They will be assisted by Miss Sovereign, contralto, of Rockford. Miss Sovereign is an artist and is fast winning her way to the front. She has appeared in concert with such eminent artists as Clarence Eddy, the great organist. An exchange says of her when she appeared in an organ recital with Mr. Eddy: "A pleasing feature of the evening was the singing of Miss Alice Sovereign, who appeared in two numbers. In the DeKoven number Miss Sovereign displayed a brilliancy that astonished even those who knew her capabilities best, and her work in the difficult selection, 'Twilight,' by Massenet, was superb in its delicacy."

The band ought to receive a liberal patronage this season.

ON Monday evening of next week, Dr. John Henry Barrows, of Chicago, will give his lecture "The World Pilgrim age," upon the People's Lecture Course. Through his connection with the world's parliament of religion Dr. Barrows became known the world over, and his first appearance in Janesville to tell of his recent tour of India will prove an attraction of the highest order.

THE scale of prices at Weisend's closing out sale of clothing, hats, caps and furnishing goods is on the decrease all the time. Low prices make quick sales and this entire stock must be closed out at the earliest possible moment. If sales will be quicker by still lower prices they shall be made. The assortment is still very good; the saving of 50 per cent, and more should be a great object. Weisend, on the bridge.

EX-ALDERMAN William B. Stoddard was severely burned about the hands yesterday by an explosion of gasoline. He had been cleaning his bicycle with the fluid, and shortly afterwards went with a lamp into the cellar, where the job had been done. The cellar was filled with the fumes of the gasoline, and an explosion followed, which burned Mr. Stoddard severely. The house was set on fire, but a few buckets of water extinguished the flames.

POLITICIANS FILE EXPENSE ACCOUNTS

SIX REPUBLICANS GIVE THEIR
STATEMENTS.

Democrats Have As Yet Failed to Put In An Appearance—The Law Allows Them Several Days Yet—Sheriff Elect Appleby Spent \$174.70 For Good of the Cause.

Six Rock county republicans have complied with the state law, and have filed their expense accounts incurred during the late county election.

The money expended by them varies but little from that of the candidates who have been up for office before, the only difference being that previous candidates were not required to make public their expenses.

Small Expense Bills.

Sheriff-elect Appleby's expenses head the list, and for the part that he played in the late drama he parted with \$174.70. This sum may be considered a small one when one takes into consideration that the sheriffs in many of the northern counties in the state have gone to the expense of several hundred dollars. This may also be said of the defeated ones; who have nothing to show for their money.

Register of Deeds O. D. Rowe comes next on the list with an expense of \$75, which was paid in one installment to the treasurer of the Rock County Republican committee.

Clerk of the Court T. W. Goldin is next in line, with \$66 expenses.

L. Holden Parker, of Beloit, who ran for member of the assembly, paid in \$28.50, while Robert More, who enjoyed the same privilege, donated \$26.50.

County Treasurer Thorpe managed to escape by paying in \$25 to the county republican committee.

Those who have filed their statements with Register of Deeds O. D. Rowe, and the amount expended by each are as follows:

W. H. Appleby—Paid county committee.....\$100.00

WISCONSIN'S GREAT KICKERS

Comment on The Football Game with the Northwesterns.

"The Man Up a Tree," writing to the Chicago Inter Ocean about the Wisconsin-Northwestern football game on Thanksgiving day, says:

"Sorry as the day was for Chicago, it was far more terrible for Northwestern. They were as badly defeated a team as ever left a university gridiron. Bannard was disgruntled with their showing, and reported to have uttered some remarks after the game. Northwestern is anxious to retain his services as a coach, but it is certain since this game he will not return. It is not known who will succeed him, but Dr. Hollister may take charge of the team next season."

"Northwestern's prospects for next season are extremely gloomy. The last of her veteran and most successful team have played their four years, and these men made up what little backbone the team possessed. The situation will be a difficult one for whoever undertakes to coach the material next season."

King of Wisconsin has repeated the work he has done on each of the three years he has been at Madison. He is the best developer of raw material in the west, and seems able to build a team out of any sort of men at all, that can not only make a creditable showing, but win many of its important games. O'Dea has improved wonderfully in practical kicking in games. He has always been able to out-kick any of his rivals in practice, but seemed to lack the working side of it to a certain extent. This fault is rapidly disappearing, and his drop-kicked goal from the sixty-yard line in Thursday's game was a grand climax for his season's work.

MANY ATTEND CHURCH SOCIAL

The Spacious Home of William Dean Continued a Merry Crowd.

Two hundred church people participated in one of the most enjoyable church socials Thanksgiving evening that has been given in Rock county for some time. The pleasant event took place at the town of Center home of William Dean, and was for the benefit of the Christian church of the town of Center.

Some useful articles were disposed of at auction, and the bidding was of a lively nature, S. M. Fisher, of this city, acting as auctioneer. During the evening a repast that filled the bill to the satisfaction of all was served. The social netted the church a neat sum.

"Open-Door" Policy Defined.

Washington, Nov. 26.—Chairman Dingley of the ways and means committee, in an interview, explained the term "open-door policy" as applied to the future commerce of the Philippines in case they should be acquired by the United States. "The phrase 'open-door policy' which is now being used so much in the newspapers," said Mr. Dingley, "means simply equality of treatment, and not free trade. As applied to the Philippines, it would mean that imports from Great Britain and all other foreign countries are to be admitted at the same rates of duty as imports from the United States."

Means Breach with Russia.

Berlin, Nov. 26.—The St. Petersburg correspondent of the Berliner Tageblatt says: "A Russian diplomat in the course of an interview has declared that Russia will not stir a finger to prevent the United States from occupying the Philippines, but he said he was unable to conceal his conviction that the injustice of America's attitude presaged the termination of the friendship which has hitherto subsisted between Russia and the United States."

She said the amount of glass put in Mr. Sanderson's porridge each time was about a teaspoonful.

Rheumatism,

Stomach Troubles and General Nervous Debility are Promptly Relieved by

Dr. Miles' Nervine.

Everybody knows or ought to know that the nervous system is the fountain which supplies every part of the body with life force. If this system lacks vigor and strength, not only will the muscles be weakened, but brain, nerves, heart, kidneys and lungs immediately suffer. The weakest spot will give way first. The weakening of nerves in muscles and joints is the direct cause of rheumatism. This explains why it may go from one part of the body to another so readily. Were it a blood trouble every joint would be affected at the same time. In nearly every instance this trouble has disappeared when the nervous system has been strengthened and invigorated. Dr. Miles' Restorative Nervine purifies, vitalizes and enriches the blood. It soothes the irritated nerves and feeds the wasted tissues. It gives motive strength to the muscular structure, healthful vitality to the nerve centers and recuperative capacity to the organic functions of the system.

Mr. Howard Wemple, Battle Creek, Mich., says: "I suffered for years with sciatic rheumatism; was laid up months at

a time, and frequently was so bad I could not walk. I spent a great deal of money and treated with many physicians but nothing seemed to cure me. In August, 1895, while confined to the house with a severe attack, I read about Dr. Miles' Restorative Nervine having cured a case just like mine. I began to use it and before the bottle was half used up I was able to return to my work but I continued taking it for some weeks. I have worked steadily ever since and have enjoyed the very best of health."

Following is from a letter written by Mrs. Geo. H. Smith, of Providence, Mass. Mrs. Smith says: "I would lie night after night unable to get to sleep or to get any rest. I became nervous and irritable, had distressing pains in my stomach and a soreness in my left side that at times seemed almost unbearable. I suffered constantly with severe headaches and palpitation of the heart, and in fact was nearly prostrated. I was advised to try Dr. Miles' Restorative Nervine and after the first bottle I began to get better. The distressing stomach

trouble left me and I no longer suffered that dreadful soreness in my left side. I took eight bottles of the Nervine and was completely restored to health. Now I can sleep as peacefully as a child and no longer suffer the blinding headaches and palpitation. I cannot speak too highly of Dr. Miles' Nervine and would advise others who suffer from nervous troubles to give it a trial."

"I have used Dr. Miles' Restorative Nervine for stomach troubles and general debility and run down conditions. I find it a first class remedy and in every way all that is claimed for it."

WORK OF NAVY.

Secretary Long Has Submitted His Annual Report.

Washington, Nov. 26.—Secretary of the Navy Long has submitted his annual report to the president. In it he describes the organization of the various squadrons and fleets that did such effective service in the war with Spain. As early as Jan. 11 the work of getting ready for war was begun, and when, on Feb. 15, he received a cablegram from Capt. Sigsbee that the battleship Maine had been blown up in Havana harbor the navy was ready to strike. In reference to the Maine disaster the secretary says:

"On Feb. 15, at 9:40 p. m., this noble battleship was blown up in Havana harbor, and 266 lives were lost. After an exhaustive examination of the wreck, and after taking the testimony of witnesses and of experts, a board of inquiry reported on the 21st of March that the Maine had been destroyed by the explosion of a submarine mine, but that it was unable to fix the responsibility upon any person or persons. It was evident that the cause of the disaster must have been from the outside."

Continuing, the secretary describes the mobilization of the fleets at Hong Kong, Key West and Hampton, and the long trip of the Oregon. The notable victories of the squadrons under Admirals Dewey and Sampson are reviewed in detail, but nothing is added to the facts already known.

The report says: "The navy should be increased, the development of its various branches should be homogeneous, and the increase in ships should be accompanied by a gradual increase in officers and men, and in naval stations, coaling stations, repair plants, etc."

The following increase of the navy is recommended by the naval board on construction:

Three battleships of about 13,500 tons. Estimated cost, exclusive of armor and armament, \$3,600,000 each.

Three armored cruisers of about 12,000 tons. Estimated cost, exclusive of armor and armament, \$4,000,000 each.

Three protected cruisers of about 6,000 tons. Estimated cost, exclusive of armor and armament, \$2,150,000 each.

Six cruisers of about 2,500 tons. Estimated cost, exclusive of armament, \$1,141,800 each.

Brewers in Convention.

Indianapolis, Ind., Nov. 26.—A secret meeting was held at the Bates house Friday by members of the executive committees of the brewers' associations of Ohio, Indiana, Illinois, Michigan, Wisconsin and Kentucky. It was given out that the object of the meeting was "just to talk over business," but the understanding was that an argument was to be entered into whereby the price of beer would be kept up to the present figures, and that some action would be taken on the movement to abolish the operating of saloons by brewing companies.

To Settle the Strike.

Springfield, Ill., Nov. 26.—There is a movement on foot to settle the existing strike troubles at Pana among the coal miners. The arrangement is to send a large number of negro miners from here to Pana, with the object of inducing the negroes now working there to demand the union scale of 40 cents a ton. The scheme has been under consideration for some time and it is claimed that assurances have been given that the negroes will join the miners' union if given the invitation.

Three to two,
Favorite Base Burners have three hot air flues. Other stoves have but two.

Never noticed the flues?
Most people haven't.

Flues carry the heat from the fire pot around the stove. In a three-flue stove (the Favorite) two flues carry the heat down the outer edges of back and around the extreme outer edges of base to the front of the stove. Here they unite and return across the center of base and up the center of back.

Three flues on the back of stove, three flues on the base of stove.

Every inch of the stove a positive heating surface.

A two-flue stove has but one flue down and one flue up.

The three-flue arrangement spreads the heat to the extreme outer surfaces of the back and of the base.

The more heating surface you have the less coal you waste.

WILL LEAVE CUBA DEC. 18

Remains of Spanish Fleet Prepare to Sall.

WILL TAKE COLUMBUS' ASHES

Respect to Be Paid to the Relics of the Great Navigator—Pan to Police Havana with Cuban Troops Is Looked Upon with Favor.

Havana, Nov. 26.—Great activity prevails at the Havana arsenal. Eight light-draught gunboats, used during the insurrection for patrolling the shores and the rivers, are being dry-docked preparatory to sending them home or selling them. The Alfonso XIII., the Nueva Espana and the Diego Valasquez, now at different ports of Cuba, will come to Havana harbor to await here the coming of the auxiliary cruisers Metero and Rapido, which will arrive Dec. 10. Columbus' ashes will be placed aboard the Rapido, and about Dec. 18 the fleet will proceed to Spain.

Besides the ships mentioned the fleet which will cross the Atlantic will comprise the Conde de Venadito, Infanta Isabel, Marques de la Ensenada, and these torpedo boats: Marques de Molinas, Martin Yanez Pinzon, Alonzo Yanez Pinzon and Filipinas. The first stop will be made at Martinique, where the ships will be coaled and where honor will be paid by the French to Columbus' memory. The same thing will be done at the Cape Verde islands, and the fleet will then proceed to Cadiz as usual.

Probably Havana will be policed by Cuban troops, collectively as an organization of the Cuban army or as individual members recruited into the service of the United States. Gen. Menocal has been approached in the matter and asked whether on the departure of the Spaniards he would be able to form a body of men to preserve public order in the town. He has replied affirmatively, and there the matter rests at present.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 25.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

Wine of Cardui

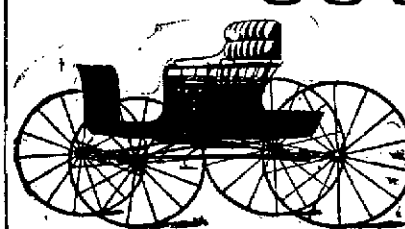

There is no use taking a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.
